Biography .9

Hamid Rajaei Rizi (born March 21 st in 1968, in Iran, Isfahan, Zarrin shahr) is an Islamic thinker & Iranian Theologian, essayist and TV producer. He is a master of Theology (from Imam Khomeini Education and Research Institute) and a master of Communication studies (from Iran)He has educated in Hawza of Qom (advanced independent studies) and he often writes on .Islam critical and creative theories

Professional Summary

Education

Rajaei started his education in seminary school with a critical approach into current religious education in Islamic societies and human sciences at different Islamic universities and educational centers. He has been studying at Hawza (Seminary school) since 1986

in Zarin shahr and after five years, he traveled to Qom. He educated in Imam Khomeini Education and Research Institute, and also in Iran Broadcasting University& graduated from these two education centers and hold an MA. He is now a Master of Theology& a Master of Communication studies. He teaches Islamic educations, aesthetics, Lateral thinking, TV production Islamic culture, Life style and Islamic philosophy specially Epistemology in some Iranian universities. His thoughts characteristic is critical & analytic approach. Istgah (TV series) (means: .station), is one of his TV productions

Views

Rajaei's theory is named by himself, *The Galaxy-like & equivocal match Epistemological theory* is to explain the position of concepts which gathered in human knowledge capacity via sense, wisdom, experience, *justified true belief*, etc. in human knowledge basket. He believes that scientific propositions are interacting and changing in a galaxy shape and are like mirrors which are shinning and giving light to each other and sometimes making question for each other. He identify 12 sorts of changes in a concept in human mind

:(Additional explanations (Important \ \/

I have no fixation or partiality to any political party or grope. I am a Muslim (Shia) with my religious beliefs and my researching aims, I respect any Idea has no confirmation and Insistence on violation or indulgence. I believe democracy & human right as the the international community believes. My main and basic epistemological ideas is freedom, and respecting the others .ideas & thoughts
